Woman's Club Joins Health Survey Drive

Just what position the San Mateo County Board of Supervisors would take on increasing demands from labor, medical and civic groups for a federal survey of the county health and welfare department, remained in doubt Tuesday as the board indicated it would wait return of Dr. Charles C. Gans, county health officer who is vacationing until September 14.

A labor delegation, headed by John M. Reynolds of Burlingame, president of the International Workers' Lodge No. 800, was on hand to request information as to what decision the supervisors had made regarding asking the federal survey.

WOMEN ENDORSE MOVE

From the San Mateo Women's Club came an endorsement of the proposed inquiry, which would be conducted by the U. S. Public Health Service at Washington. It was signed by the club secretary, Mrs. Edward Brady. A second endorsement was read from the San Mateo County Medical Association which pointed out that "an independent survey conducted by the federal government may bring about a more universal understanding of public health problems in the county; and at the same time bring to light certain facts which will aid in the solution of these problems."

The medical group, in its communication, made it clear that its recommendation was "not designed in any way to reflect on Dr. Gans or his departments." It was signed by Dr. J. G. Bridgman, the society's secretary.

WOULD ASK STATE AID

Procedures to be taken in requesting a federal survey were also undisclosed and Reynolds added further complications by asserting that, in his opinion, the state department of health should likewise be requested to participate. The labor spokesman declared the cost of the survey would be borne by federal and state health departments.

The South comprises over 28 per cent of the area of the U. S. and just under 28 per cent of its population.

SEQUOIA SCREENS 'MOVIE QUIZ' HIT!

'Alexander's Ragtime Band' Begins a Second Hit Career

"Alexander's Ragtime Band," the song which Irving Berlin wrote nearly 30 years ago and which has lived long enough in popular fancy to become a genuine American folk song, forms the theme of the Darryl F. Zanuck 20th Century-Fox production which bears the song's name.

The film opens Saturday at the Sequoia Theater, with Tyrone Power, Alice Faye and Don Ameche in the starring roles.

While it revolutionized the entire popular concept of dancing and singing in 1911 . . . and is generally admitted to have begun the ragtime vogue which has since passed through the eras of blues and jazz to current "swing," there are a number of interesting facts in connection with the song itself.

Originally written by Irving Berlin as "Alexander and His Clarinet." The song had no words. Revamped and lyricized for a Friars Frolic in New York in 1911. First sung in public in 1911 by Emma Carus in Chicago.

In 27 years, to date, has been given 100,000 odd performances. In the motion picture it will give more than 60,000 performances within a year.

At the peak of its career the song sold 2,000,000 copies of sheet music . . . its staggering total over 27 years cannot be learned.

Irving Berlin did not own the copyright to the song until 1925 when he bought it. The author and composer was paid \$25 a week when he wrote "Alexander's Ragtime Band."

He since has written 600 songs which have aggregated more than 60,000,000 copies of sheet music.

The Peninsula Little Theater Group came in for credit today from Director Lou Ashe for its co-operation in putting into shape the San Mateo County Fiesta pageant, "The Rise of Don Largo," which will be a nightly feature of the fiesta at Bay Meadows, Sept. 21 to 25.

"Were it not for the wholehearted support of the Peninsula Little Theater Group," said Director Lou Ashe, "it would have been difficult to have lined up our pageant for this year's fiesta with as much ease."

He complimented the work of the following members of the group who are to participate in the pageant: Percy Freise, Mrs. Douglas Bathlemess, Mrs. Marion MacDonald, Sid Lewis, Turner Barton and William Ely.

Rudy Severin, chairman of the Little Theater group and Mrs. Anita Fowler, vice chairman of the pageant committee, were also given praise for their efforts in behalf of the pageant.

Fifty Pages List Details

In a 56-page Hollerith machine report, County Engineer U. S. Marshall today had accounted for every penny of the road department's \$290,818.55 expenditures for fiscal 1937-38.

Items ranged from \$117,726.11 for new road construction to 19 cents, value of one electric globe on the department's inventory.

Prepared for the state, to show transactions of the county road fund derived from state motor vehicle and fuel tax income, the report is probably the most detailed of its kind ever prepared. Each operation is itemized to the minutest detail, including amount, hours, rates and prices for each unit of cost in each road department operation.

LA HONDA ROAD FIGURES

Typical was the report on the La Honda Rd. project for 9/10th of a mile graded, rock and gravel coated, 1.3 miles of heavy clearing, excavation of 10,000 cubic yards for road widening and placing 80 yards of concrete for construction of an arch.

Detailed expenditures included 42 items ranging in size from \$7218.55 for labor an engineering to 20 cents for a powder cap. Total cost of the project was \$16,526.22.

The La Honda project was one of three WPA relief jobs, completed during the fiscal year. The other two, accounted for in equal detail, were the Tunitas Creek Rd., \$6338.15, and the Woodside Rd. culvert, \$900.97.

Maintenance betterments cost \$117,726.11 according to the report. Constructed by contract were the \$300 Redwood Harbor Rd., the \$19,414.17 Hayward Bridge, and the \$28,667.41 Anderson Bridge.

Other betterment items, 12 in number, included \$16,368 for the Kings Mt. Rd., \$15,931 for the Pescadero Rd., \$4466 for Emerald Lake roads, \$3122 for Colma streets, and \$2855 to improve Ralston Ave. Cost of each project is itemized in detail.

\$89,000 OR MAINTENANCE

The department also spent \$89,000 to maintain 457.52 miles of county road, Marshall's report shows. Of this amount, \$48,116 was for labor and engineering, \$16,669 for material, and \$25,182 for equipment.

Structure maintenance cost another \$17,571.

The department purchased equipment valued at \$16,602 during the year, and owned equipment valued at \$58,757 at the start of the period. The total value, \$75,359.50 was depreciated 20 per cent to give a July 1 value of \$39,343.35.

Included on the equipment inventory were: 1 water truck, 3 4-cubic-yard, 7 2½-cubic-yard, and 9 1½-cubic-yard dump trucks; 3 express trucks; 1 gas tank truck; 3 pick-ups; 4 passenger cars; 5 tractors; 6 motor graders; 4 rollers; 3 scarifiers; 3 bulldozers; 4 trailers; and 1 loading machine.

The department also owns, according to the report, 9 storage tanks, 5 pumps, an air compressor, 3 gas shovels, a motor scraper, traffic striper, and 2 concrete mixers.

Also inventoried are a complete machine shop and office equipment.

HAWAII DEBARS WAR HONOLULU (AP)—Hawaii has declared war—against the giant African snail. One hundred men have taken the field to eradicate the pest, considered one of the most dangerous enemies of the territory's plant life. The snail has been found on two of the five major islands.

Ceremonies Jerry Lester gave frequent exhibitions of double and single "trickin'" far into the early hours of the morning.

The film actress said the sapphire weighed 52 carats and was surrounded by four one carat diamonds and numerous small diamonds and rubies.

Manager Sees Business Gain

One of the best equipped branch stores on the Pacific Coast, regardless of the size of the city, and one of the largest stores in the nation for a city of the population of Redwood City are qualifications of the new F. W. Woolworth Co. store which opened this week at 2401 Broadway. The building was erected at a cost of \$50,000.

These facts were mentioned by M. J. (Mike) Hoffman, manager of the store, as distinguished features of Redwood City's newest business house.

"The F. W. Woolworth Co. foresees a brilliant future for Redwood City, and has expressed its faith in the city by providing this, one of the finest-equipped stores it has built in the last few years," Hoffman said.

NOVEL CEILING

Hoffman, in outlining the various features of the new store, pointed out that this is the only Woolworth store in the United States with a cork-product sound-reducing ceiling. This improvement, which Hoffman asserts has created considerable difference in amount of noticeable sound in the structure, was installed as a means of averting roscoding echoes from trains passing directly below, he declared.

The entire floor, 57 feet in width and 135 feet in length, is free from obstructing pillars, leaving the panorama of the complete store visible from any point within. The building was especially constructed for this purpose, Manager Hoffman explained.

BUSINESS INCREASES

The floor dimensions of the old store at 2207 Broadway, now vacant, were only 28x100 feet, providing only a little over one-third the area of the new store. Lineal counter feet total has been increased from 320 to 844, nearly three times as much.

The increased size of the branch, Hoffman said, has resulted in the doubling in size of every department in the store, and the doubling of the personnel. The tremendous increase in volume of business over the time the old store opened, Sept. 1, 1928, shown today has more than warranted the new building, the company feels, it was explained by Hoffman.

R. C. Man Is Slugged In Woodside Brawl

Jim Rogers, 30, 1360 Middlefield Rd., suffered a dislocated left shoulder, cut left hand and right eyebrow in a fight at Woodside shortly before 1 a.m. Monday, police reported. Identity of his opponent could not be learned.

Rogers was given emergency treatment by Dr. Harry Mason and then taken to Community Hospital, where his shoulder was set this morning under anaesthetic. His condition is not serious, the hospital reported.

Queen Mary College, University of London, largely endowed by relatives of the Queen Mother, is being rebuilt and modernized, with a new arts building to open Oct. 12.

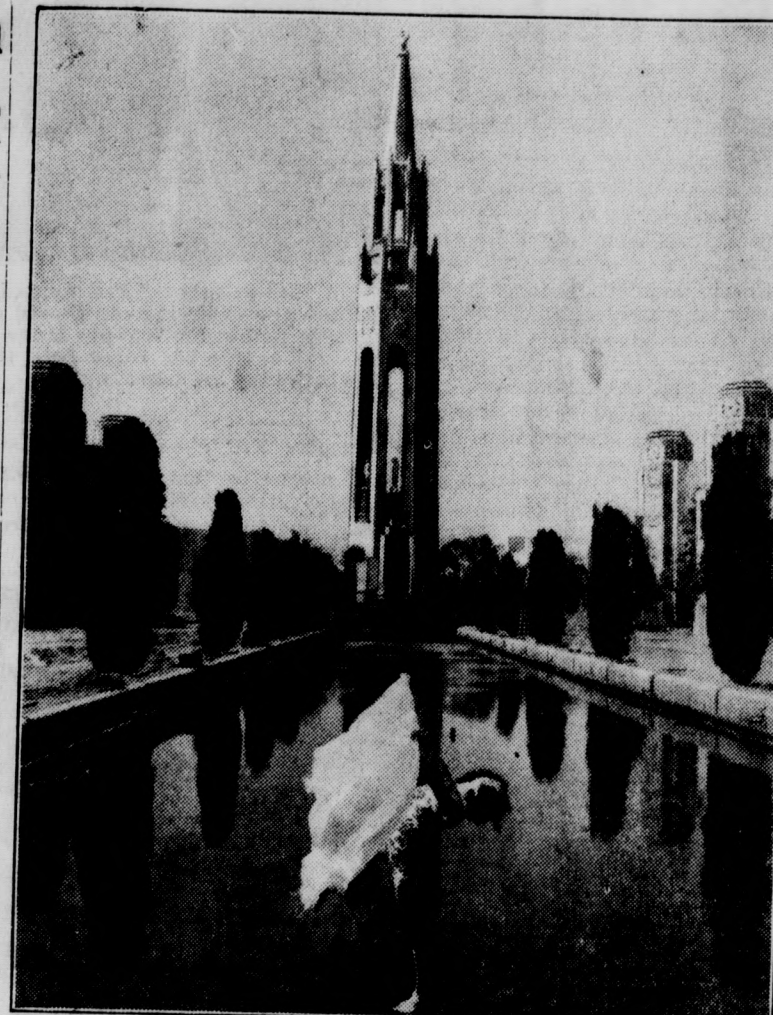

All you do is put soiled clothes in, set controls, add soap and take clean, damp-dry clothes out.

Roth, Pike Stables Win at Sacramento

Colors of two Redwood City horse breeders waved triumphantly at the California State Fair in Sacramento Monday as the result of victories scored in yesterday's horshow events.

Glennvorn Trumpeter, owned by Mrs. W. P. Roth, won the single entry event for heavy harness horses and Mrs. A. W. Pike's Don Juan finished second in the five-gaited saddle horse division for stallions. The winner in this latter class was Anaecho Shamrock owned by the B. B. Tucker Co.

About 225 young men in New Brunswick will be employed this Summer in forestry projects under the renewed Dominion-provincial youth training plan. Agricultural and household science short courses also will be given.

New Rayon Cord Tire Gains Strength As Tire-Heat Increases

The ever-increasing demands of a safety-conscious motoring public have resulted in the development of an entirely new type of passenger car tire, which is constructed of rayon cord and is expected to relegate blowouts to an absolute minimum. Ever since the invention of the pneumatic tire, cotton, in cord or fabric form, has been the basic material used in the construction of the tire carcass.

The changeover to rayon cord (100 per cent cotton base) makes possible the building of a tire with a higher safety factor and a resistance to blowouts beyond anything ever achieved before.

Mr. J. DeGeller, manager of the Redwood City Montgomery Ward Store, where this new rayon cord tire is now on display, has this to say about the use of rayon in tire building: "Rayon's principal advantage over cotton is its ability to withstand heat, the greatest enemy of the mileage. For example, Consider a cotton cord containing normal atmospheric moisture that has a tensile breaking strength of 20 lbs. When this cord dries out its strength drops to approximately 14 lbs. Rayon is exactly the opposite, when dry its strength is 23 per cent greater than when it contains moisture. Now the real significance of this is lost unless you remember that when a tire is in service it heats up. The tougher the service, the more it heats, and naturally the heat dries up the moisture in the cord, causing it to get weaker if it is cotton, stronger if it's rayon. Nothing could be more fundamental or logical than that."

Addressing university students in Wales Lord Baldwin said "when learning becomes prostituted, to politics there are no depths to which it cannot descend."

MENLO PARK NEWS

Misses Agnes and Bessie Mason have closed their Summer cottage at Seabright and have returned to their home in Menlo Park.

Edward O'Keefe spent Saturday and Sunday of last week hunting doves in San Benito County. He secured the limit each day. O'Keefe reported the birds plentiful in that locality. This vicinity, once the home of the dove, no longer attracts them, owing to the scarcity of the grain fields.

James T. Lynch, a former resident of Menlo Park but now residing in San Francisco, is here on a few days' visit with friends. Dr. Lynch is a writer of some note. He is a regular correspondent for Eastern and London magazines.

Bishop Parsons will confirm a class of boys and girls in Trinity Episcopal Church Sunday morning at the 11 o'clock service. Rev. Charles Fritz, the new rector, will be officially installed at the same time.

Much interest is being centered in the city bond election to take place on Sept. 27. The sum of \$15,000 is sought to be raised for the erection of a city hall. The government will add \$12,000 to the amount, so that the proposed structure will cost in the neighborhood of \$30,000.

Negotiations are pending between the city council and the O'Dea estate for the purchase of three acres in that tract for a recreation ground. The property is not in the corporate limits, but it will be voted in by the city.

Past President Association No. 9 of San Mateo County entertained the President of General Assembly Willow Borba of Santa Rosa Thursday evening in Foresters Hall in Redwood City. The hall was decorated with tall baskets of yellow flowers and greens tied with yellow cellophane.

Catherine Derry officiated and Mrs. Jay Alexander of Menlo Park was initiated. Visitors were present from Santa Rosa, Sebastopol, San Francisco and Palo Alto. Other distinguished visitors were Mrs. Leah Williams, founder of Past President Association, and Mrs. Frances Maloney, director of General Assembly, and Mrs. Evelyn Carlson, past grand president of Native Daughters of the Golden West. Refreshments were served. Association No. 9 is composed of Past Presidents of all Native Daughter Parlor in San Mateo County.

Isabelle Weeden Lindquist was soloist at the funeral services for her friend, the late Bert Fitzgibbons, last Thursday. Mr. Fitzgibbons was a noted song writer and vaudeville star. Several months ago he came to San Francisco from New York and was pianist on Benny Walker's "Women's Magazine of the Air." Among Mr. Fitzgibbons' more popular numbers were "Broadway Rose" and "Baby Shoes."

Mr. and Mrs. W. H. Weeden, their daughter, Isabelle Weeden Lindquist, and her children, Emma, Robert and Billy, spent last week attending the state fair in Sacramento and visiting friends in Sonoma and St. Helena. They will enjoy the Native Sons and Daughters of the Golden West Admission Day celebration in Vallejo this week-end.

OCEAN LIFEGUARD EXPLAINS HIGHWAY LIFEGUARD

A "life preserver" that floats inside the tube and tire, ever ready to rescue the fair damsel from the distress of a swerving car should a blowout occur, is being shown. The burst tire is held up by air that remains within the two-ply inner LifeGuard. It is a Goodyear invention to take the terror out of blow-outs and enable passenger cars, trucks, buses or motorcycles to stop without swerving out of the lane in which they are traveling.

Swedish Fox Breeder's Association estimates that Sweden now markets about 1,000,000 silver fox pelts annually compared with only 100,000 10 years ago.

Panama will construct a \$10,000 building to house the National Lottery, the Province Governor's office, and the Mayor of Panama City.

Fifty-seven Chinese steamship companies with headquarters in Shanghai were put out of business by the Japanese blockade of the China coast last year.

Patrol Cites 46 in Weekend

Despite highways congested by home-bound motorists, San Mateo County passed the three-day Labor Day week-end with a traffic record unmarred by a single fatality. Half a dozen minor accidents, none resulting in serious injury, were reported by the State Highway Patrol, and from Capt. E. F. Cassell, of the Redwood City office, came the official report that a total of only 46 citations were given in the period from Saturday noon to 8 a.m. Tuesday.

Boston was called "Shawmut" by the Indians, and "Trimontaine" by the early Colonists at Charlestown.

**No Damage Reported
In Two R. C. Blazes**

Two fires over the week-end which necessitated alarms caused no damage, the fire department reported. The first, Saturday at 4:04 p.m., was a rubbish blaze behind the Strand Cafe on Broadway near Main St., extinguished with water tanks. A grass fire yesterday at 3:03 p.m. at Stambaugh and Spruce Sts. was quickly quenched.

**Burglars Take \$50
From Food Center**

SAN MATEO, Sept. 6.—Burglars, who entered through a window, and opened a supposedly locked desk drawer without damage to the lock, early this morning took \$50 in change from Rand's Food Center on Third Ave., San Mateo. The upstairs offices of the store and beauty parlor in the building were ransacked. Nothing was reported taken from the beauty parlor.

**SHE'S ON THE VALLEJO SIDE—
BUT MARE ISLAND'S BEHIND HER**

Attractive—and isn't she?—Betty Moore points to Uncle Sam's big Mare Island Navy Yard, where visitors to the 1938 N. S. G. W.—N. D. G. W. Admission Day Celebration will be welcomed on the afternoon of September 9th. That big battle wagon in the background—why that's the airplane carrier U. S. S. Langley, in for a brief sojourn. Visitors during the three-day celebration will have a chance to go aboard the newest of Uncle Sam's great fighting units and to inspect his greatest western shipbuilding plant.

Town Jailer Angus McSweeney at Glace Bay, N. S., got a surprise when his brother, Daniel, walked in on him. They had not met for 20 years. Daniel left Cape Breton almost half a century ago and returned only on short visits.

**2000 Chickens Lost;
Man Hurt in Blaze**

Menlo Park residents Monday were all in a dither over what to do about 2000 thoroughly roasted chickens, victims of a spectacular fire which Sunday morning destroyed a four-room cottage and four sheds located at the corner of Selby Lane and San Carlos Ave. The owner, J. H. Bell, discovered his loss, estimated at more than \$8000, when he returned from a visit to the California State Fair at Sacramento late last night. One fireman was injured during the two hour and a half fight waged by the Menlo Park department to prevent the spread of the flames to adjacent property. He is George May, 556 Hermosa Way, who suffered lacerations on the legs when he tangled with chicken wire.

Embers from a backyard bonfire were believed to have caused the blaze, according to Fire Chief E. F. ("Mike") Hara. The alarm was sounded at 9:30 a.m. but when the Menlo Park trucks arrived, flames had already swept through the chicken pens, incinerating 2000 hens and roosters and five turkeys out of a flock of 65 birds which Bell was raising for the Thanksgiving market. Also destroyed were a number of caged-eggs, ready for shipment, and a large quantity of feed.

McCarthy, 155 Montgomery Street, San Francisco, California, or 789 Hopkins Avenue, Redwood City, California, the same

**Spine Is Fractured
In Fall From Porch**

Annie Rodriguez, 60, 59 Charter St., was reported to be "in a fair condition" today at Community Hospital, where she was taken at 10:30 p.m., Saturday suffering from a basal spinal fracture and head injuries.

According to investigators, Mrs. Rodriguez, wife of Frank Rodriguez, fell two stories to the ground from a porch of her home. Details of the accident were meagre.

Use Tribune Classifieds for Results.

being the place for the transaction of the business of said estate.

Dated this 2nd day of August, A. D. 1938.

CLEO MANINAT,
Executrix.

PAUL A. MCCARTHY,
Attorney for Executrix,
155 Montgomery Street,
San Francisco, Calif.

First publication in Times-Gazette Aug. 26; Sept. 2, 9, 16, 23, 1938.

**Garlic-Parsley an Aid in
HIGH BLOOD PRESSURE**

Medical reports say that Garlic-Parsley concentrate has a double action in reducing high blood pressure. First, it tends to relax tightened arteries. Second, it checks or inhibits decomposition of waste matter in the bowels, a contributory cause of high blood pressure. To get concentrated garlic and parsley in odorless, tasteless form, ask for ALLMIN. These tablets, used repeatedly at regular intervals, aid in reducing blood pressure and relieving headache and dizziness caused by excessively high readings. To learn what raises your blood pressure and for medical treatment consult your doctor. Large box, 50c. Special economy size, \$1.00.

ELEVEN WESTERN STATES BEING ASSEMBLED FOR 1939

Covering nearly half a city block in area—132 feet x 136 feet, if you care for exact figures—the world's largest relief map is now being assembled for the 1939 Golden Gate International Exposition on Treasure Island, according to an announcement today by The Industrial West, Inc., sponsoring organization, and the California State Commission. With an anticipated total cost of \$200,000 and the employment of 200 people, the map will graphically display natural resources and industrial development of the West.

Hikes Planned For Boys, Girls

Two overnight hikes to the new camping site on King's Mountain, one for boys and one for girls, will be held Thursday to Friday and Friday to Saturday this week, the recreation department has announced.

The boys, from ages 9 to 16, will hike, under the leadership of Vernon Dignon, up the mountain Thursday morning and will return Friday afternoon. The girls, to be supervised by Jean Gile and Minnie Henderson, will leave recreation headquarters on Jefferson Ave. at 2 p.m. Friday and return Saturday afternoon. Age limits for the girls will be the same as for the boys.

Only charge for the hike will be 50 cents a person for meals, the money to be left with Dignon or Misses Henderson and Gile at either Hawes Park or Chestnut St. playgrounds. Deadline for boys is Wednesday, for girls Thursday.

The recreation department has announced that all equipment brought by hikers will be transported to and from the campsite free of charge by the county fire department. Each hiker should have two heavy blankets, a coat or sweater, towel, soap, comb and a messkit, including plate, cup, knife, fork and spoon.

The camping spot at Summit Springs has fine conveniences, recreation department members said, in the new cooking and sanitary facilities. Water from the spring at the site has been tested and found to be remarkably pure. Previous hikes have been so successful, Director H. V. De Armond said, that this last pair of hikes was squeezed in before the opening of school.

The little city of Landau in Germany has named streets after Otto Planetta and Franz Holzweber, who were executed in 1934 for murdering the late Austrian chancellor Engelbert Dollfuss.

Just imagine having Sweet Peas this year for Thanksgiving and Christmas—gloriously colorful—enchantingly fragrant—growing right in your own garden! GOOD NEWS!

The Supreme Court has approved the Title of the EMPLOYMENT RELATIONS INITIATIVE

The Secretary of State has designated the Measure as:

PROPOSITION No. 1

(GENERAL ELECTION—NOVEMBER 8th)

This Initiative was placed on the ballot by the signatures of over 205,000 voters, in response to a rising tide of protest by farmers, housewives, business men, and workers in and out of unions. Such a law is needed because ALL CITIZENS are entitled to protection.

People Everywhere Are Saying:

LABOR ABUSES MUST BE CURBED!

Individual Freedom, Liberty of Contract and Job Protection for Workers Must be Restored

See How this Law Protects Everybody:

WORKERS CAN ORGANIZE — (and bargain collectively without interference).

WORKERS CAN STRIKE — (but no sit-downs, nor seizures of property).

WORKERS ON STRIKE CAN PICKET — (but with reasonable regulations and only peaceful methods).

WORKERS ON STRIKE CAN BOYCOTT — (but only their own employer).

BUT NOBODY CAN—

interfere with free use of the highways and wharves by farmers or anyone else.

NOBODY CAN carry on MASS picketing.

NOBODY CAN use coercion or intimidation to force free citizens to join unions, or not join them, or other un-American practices.

NOBODY CAN use the excuse of "hot cargo" for boycotting or picketing when a union official declares a commodity "unfair."

NOBODY CAN boycott those with whom they have no quarrel. In brief — no secondary boycotts.

FOR PEACE, PROSPERITY AND A FAIR AND SQUARE DEAL FOR ALL

WORK, TALK AND VOTE "YES" ON

PROPOSITION No. 1

(GENERAL ELECTION—NOVEMBER 8th)

DEATH TAKES HOLIDAY IN COUNTY AS MOTORISTS CROWD HIGHWAYS

Thousands of rubber tires whizzed over the concrete pavements of Peninsula highways and byways Monday singing the song of pleasure-seeking urbanites and suburbanites en route to nearby vacation-lands, and in the 24-hour period ending at noon San Mateo County's Highway Patrol heaved a sigh of relief, for Death's sinister note was completely absent from the chorus of humming motors.

With marked satisfaction, the highway patrolmen pointed out that Labor Day crowds were showing "unusual care and vigilance" in traveling both the Bayshore Highway and El Camino Real. Not a single accident was reported on these two important arterials.

Unusually clear weather prevailing over San Mateo County's beaches were drawing thousands of visitors to Salada, Princeton, Half Moon Bay, Pescadero and other scenic points along the Ocean Shore Hwy. But while state tele-types were pounding out the tragic stories of the accident toll elsewhere in Northern California, on the newly completed Altamont Pass Rd., and in downtown San Francisco and in the North Bay area, the patrolling San Mateo County officers had nothing more serious to report than a "heavier than usual" batch of traffic tickets.

The highway drinking problem, too, seemed to be somewhat minimized. Even the presence of a Hollywood celebrity, Martha Raye, who made a complete tour of Peninsula "night spots" on Saturday evening and again last night, seemed to have no effect on the determination of Peninsula motorists to keep Death off the highways on this Labor Day week-end.

Annie Marx, 43, San Francisco, was freed on \$50 cash bail today, after being arrested at 11:25 a.m. Sunday on charges of intoxication by Redwood City police. She was halted by Officer W. G. Keller after she had driven her automobile into a telephone pole on El

Camino Real at Hopkins Ave. Hearing has been set for Thursday before Judge Edward I. McAuliffe.

Few out of the ordinary incidents were reported as the result of traffic flows on city streets and secondary roads.

Claire Lorraine Dierstoffer, 4, of 175 Nueva St., Redwood City, today was suffering from contusions and abrasions she incurred when struck by an automobile driven by Harry Harlick, San Francisco, about 2 p.m. Sunday on Woodside Rd. at Nueva St. According to eye witnesses, the child broke away from the custody of relatives waiting to cross the road and ran directly into the path of Harlick's car. It was feared at first that she had suffered a fractured skull but later examination at Mills Memorial Hospital revealed there were no serious injuries.

In a spectacular Daily City collision occurring at 6 p.m. Sunday, Mr. and Mrs. Lawrence Cook, residents of that city, were badly out and bruised when their car was hit broadside and overturned in a collision with a machine operated by George Harden of Martinez. The accident occurred at the intersection of Hanover and Acton streets.

Taken to the Villa Hospital for first aid treatment, the Cooks were later released and physicians said the extent of their injuries was not serious.

In Palo Alto, the accident slate was clean and police said that not even a case of bumped fenders had been reported. All activity was concentrated on chasing speeders and 26 of them were apprehended by the city's five officers.

Every state, Alaska, Hawaii and the District of Columbia now have divisions of maternal and child health in their public health services.

The Bowery, famous New York street, originally came from the Great Bowwerie (farm) of Governor Peter Stuyvesant.

Atherton Man Lists 4 Plans

Robert S. Odell of Atherton, president of the Pacific States Savings and Loan Co. this week made straightforward reply to critics of the management of the organization, coupled with an appeal to certificate holders to express

their opinions. "It has always been the policy of this institution to make direct, full and frank reports to its certificate holders in matters concerning its operations and problems," declared a pamphlet addressed to investment certificate holders. "In support of that policy we now come direct to you again to discuss openly a series of amicus and unfounded charges that are being directed against this company's management in connection with three separate legal actions seeking to place the company in receivership or liquidation."

The litigation is not sincere, Odell charges. "It is sufficient to say that the attorneys in that (Boston) litigation have made definite overtures to call off their 'crusade' in your behalf if I would make private settlements out of court. Another of these actions represents the attack of a group of disgruntled former employees," says the pamphlet.

Charges of insolvency are without foundation, Odell maintains. While admitting that withdrawals have been suspended since April, he maintains that under the building and loan law, non-payment of association's savings or insolvency, "Perhaps one regret of this institution is its takeover of this institution in 1931." Odell reported, "Yet among our harshest critics

are a number of Fidelity certificate holders for whom the takeover resulted most favorably."

During the depression years more than 6500 parcels of foreclosed real estate passed through our hands, and there was a time when our peak inventory amounted to 4200 individual properties of a total book value in excess of \$40,000,000. There are not that many properties in some of California's larger cities," the savings association head declares.
